OFFICIAL PROGRAMME

Welcome!

The general rule of introductions is to keep it short as no one reads it, but anyway as promised we are back with even more beer, even more food and even more entertainment!

The only thing we have less of this time is pubs; please give a Burton Ale Trail welcome to the Elms Inn who replace the Grange Inn who sadly closed in late September, also Marston's Sports & Social Club are not taking part.

The first Burton Ale Trail was a resounding success, thank you to those who came and packed out the pubs, you all contributed to a party atmosphere in the town, so let's hope for more of the same this time.

I'd like to thank East Staffordshire Borough Council who will be producing a promotional video for us, so if you see me out and about on Friday I am looking for people to give me a "Cheers!" for the camera.

Due to public demand the Burton Ale Trail is set to be a biannual event, taking place every six months in the March and September, the actual dates will fit in around the away fixtures of Burton Albion.

See you in September.

Ian Webster

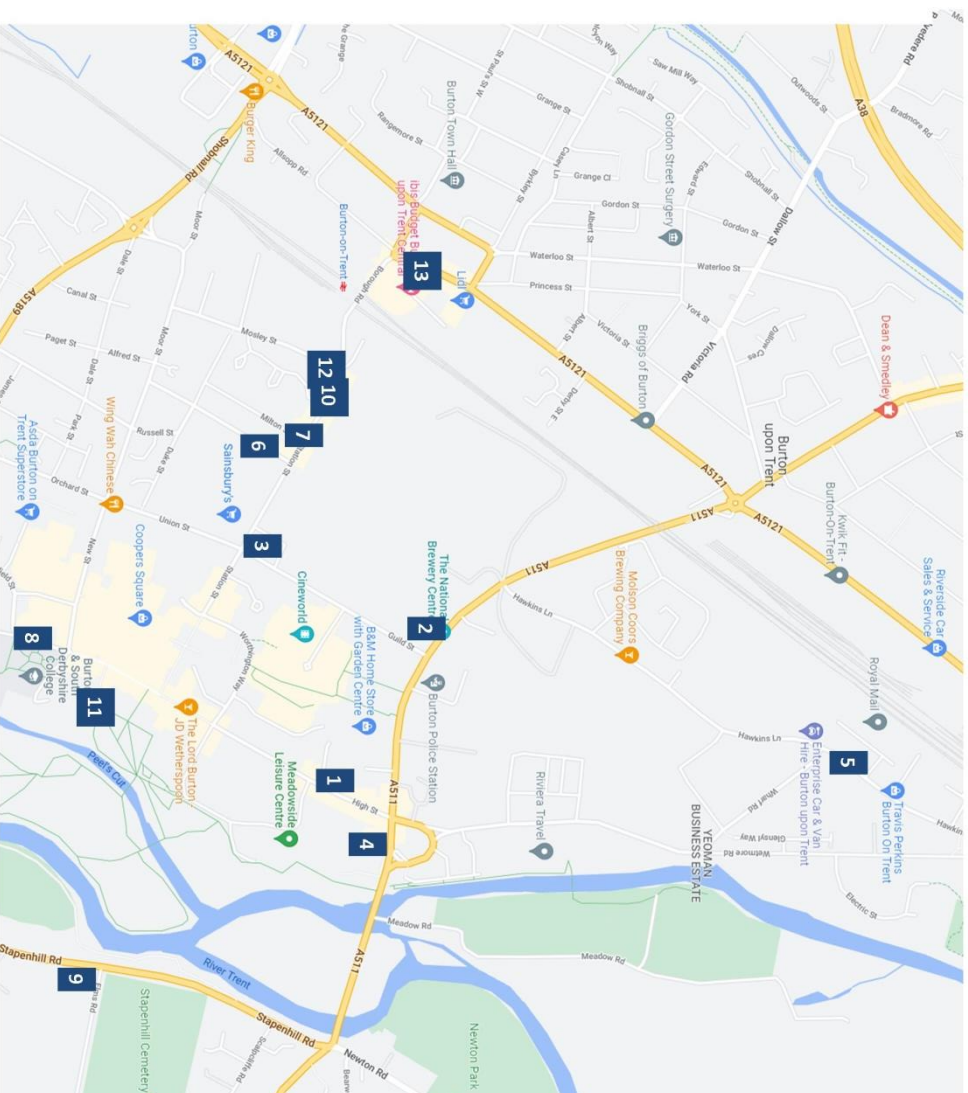

The Beertonian

P.S. I have noted that a few other towns have organised a similar type of event. As the Burton Ale Trail gets shortened to BAT, I really hope that Tunbridge Wells arranges one ...

Describe your pub

Located in a Grade II listed building on High Street, we aim to be a friendly, laid-back, independent Micropub, offering something for everyone. Our name 'Beeropolis' is the term coined for our historical brewing town back in the early Edwardian era. We have a large amount of beer and brewing memorabilia from past and present decorating the walls.

How long have you been running the place?

We officially opened on Thursday 20th May 2021 after a long delay.

Do you sell both cask and keg?

We sell a minimum of three cask and twelve craft keg beers.

Are you doing food?

We offer a selection of bar snacks.

Why do your regulars use the pub?

They like our laid back atmosphere and fantastic friendly staff.

Why should drinkers visit you?

For our ever-changing selection of beers and to view the Burton brewing memorabilia around the walls.

Dog friendly?

Yes.

What is unique about Beeropolis?

The decor of Burtons brewing history and also our beer keg urinal!

What did you learn from the first Burton Ale Trail?

Burton's real ale scene is thriving more than ever, even despite the ordeals of the last couple years! The first Burton Ale Trail was an amazing showcase of the best drinks and the best drinkers around. We saw folks new and old all enjoy a fantastic weekend

If I were to break it down to a few key lessons though: People were in it for the long haul! Plenty of groups set out to do the full fourteen pubs in one crawl (or as close as they could get), and people really valued the lower ABV options on tap. After all, if you're doing over a dozen pints, they can't all be 8% imperials. That's why this time we're making sure we have a great set of sessionable ales on, so folks can enjoy their beer without burning out too quickly!

People were looking to try something new! The beer festival spirit of discovering intriguing new ales was alive and well, and what people appreciated the most was variety. And of course, the most important of all: punny names! We've focused on securing a broad spectrum of ales for the Trail; innovative pales, interesting IPA's, rich darks and zingy sours.

People liked to sample a couple! With more than a dozen pubs on the Trail, and more than a dozen beers behind our bar, plenty of our visitors fancied a flight of thirds or a pair of halves over a pint. With that in mind, all our ales, cask and keg, are made available in third, half and pint measures.

Worked there 4.5 years, manager since January 2019.

Just sell cask ale.

Are you doing food during the festival and if so what kind?

Full bar and restaurant menu. Sunday carvery as normal 1200 to 1500.

We are a very friendly team and pride ourselves on having good beers and ales and good home cooked food at reasonable prices.

We display various items from our collection throughout our bar and restaurant for our real ale enthusiasts to enjoy! We were also home to the Heritage Brewing Company Microbrewery who replicate old real ale recipes for a modern day audience, such as Masterpiece and P2 Stout.

What did you learn from the first Burton Ale Trail?

We needed a lot more half pint glasses!

Describe your venue

A rustic, lovingly handmade bottle shop and taproom with 20 keg lines and 4 cask hand pulls all serving a great selection of beers in a welcoming and friendly environment with great customer service, just a nice place to sip.

How long have you been trading?

Opened 16th November 2017.

Do you serve cask and craft keg?

Twenty keg lines and four cask hand pulls.

Are you doing food?

Feel free to bring your own otherwise we have pork pies, quiches, crisps, nuts and scratchings. Loads of people are ordering pizza from Venezia from next door to eat in at ours too.

Why do your regulars use the place?

Regulars use our pub because of the relaxed, welcoming atmosphere, the gracious hospitality and the great range of excellent beers.

Why should new people visit you?

We would like to think new customers would feel the same way as our regulars do when they visit; welcomed.

Dog friendly?

Yes.

What is unique about Brews of the World?

We have literally built Brews of the World ourselves in our own vision of what we believe a great pub should be. We started out as a bottle shop almost four years ago and it has grown steadily into a fantastic place to enjoy really good beer in a welcoming environment. We love it and hope our customers do too.

What did you learn from the first Burton Ale Trail?

We needed more gents facilities. 1 was never enough. We also learnt that our work in extending the bar and adding hand pulls was indeed validated. Learnt that so many local people thought that we were still just a shop and had no idea that we had a bar. We gained loads of new customers due to the success of the Ale Trail. It definitely put us on the map with regards to the local drinking scene.

We learnt that people still have an appetite for great beers and a good time! The first ale trail was very successful and introduced a lot of people to the brewery and our beers for which we are very grateful for. We also learnt never to do a live brew day to the masses as everything that could go wrong, inevitably did!

Describe your pub

It's a traditional back street pub still serving some ales direct from cask, a real drinkers talkers pub steeped in history.

How long have you been running the place?

Four years.

Do you sell both cask ale and craft keg?

Yes both.

Are you doing food during the festival?

Bar snacks, cobs, pork pies and scotch eggs.

Dog friendly?

Yes.

What is so special about the Coopers Tavern?

I believe people who are real cask ale enthusiasts should definitely pay us a visit. Our pub is unique, you will not find another like us in Burton. We are the only place to offer Joules's ales and craft keg alongside some guests. To me the pub lends itself to the olden days: no juke box, no gaming machines, complete strangers talking and enjoying themselves. Just a beautifully conserved real pub with its four quirky rooms and lovely ale yard.

How did the first Burton Ale Trail go and what did you learn from it?

It was amazing! To see the pub so busy and to hear people having a good time was just the best. We've learnt that drinkers still have a general passion for great beer and great pubs and it definitely put Burton on the map. We've had people return since the first event who didn't know about us, which is brilliant!

ELMS INN

Landlady . Sally Hanlon

Address . 36 Stapenhill Road, Burton On Trent, DE15 9AE

Describe your pub

The Elms Inn was built as a private house in the late 19th century and is one of Burton's original "Parlour Pubs". The BEST BASS ELMS INN lettering high on the front of the pub reflects its past ownership until 1992. The Elms Inn is a lively local pub overlooking the River Trent on the opposite side of the bank from the town centre. The Victorian style of the pub has been retained throughout, which comprises of a small public bar and a snug on either side of the bar, plus a small side area served through a hatch. In contrast we also have a spacious lounge to the rear leading to our beautiful beer garden and sun terrace.

How long have you been running The Elms Inn.

I've been running The Elms Inn since November 2020, although previously to that I held the position of Manager since 2018 here at The Elms.

Do you sell both cask and Keg.

We sell cask but not keg. Our cask includes 2 staple beers, Bass and Timothy Taylor Landlord with three changing guest ales.

Are you doing food?

Over the weekend we will be serving a selection of freshly made baguettes, pork pies, scotch eggs, cheese boards, olives and we also have visiting us an award winning Pie and Pasty company on Saturday 5th, serving the very best pies direct for the Cornish coast. And there's always plenty of crisps and nibbles available, what we call here at The Elms "Burton Tapas."

Why do your regulars visit The Elms?

A question only the regulars can answer: "The Elms caters for all ages and always a warm welcome from Sally and staff and other regulars, made so many friends here and love the beer selection"

"Very consistent and never disappoint in customer service, beer choice and beer quality is second to none."

"Home from Home"

"Just a lovely place to sit and chill: with the boys, with the dogs and family or just a quite drink on my own a chilled but vibrant feel."

"The best atmosphere"

"Love how the old boys drinking the Bass mix and chat to us youngsters drinking our Dortmund Vier, love the stories they have to tell about the Elms in days gone by"

"One-of-a-kind. Beers are always top hole and a great choice to suit all. The staff and landlady draw you in, great bunch"

Why should drinkers visit you?

The Elms is a stand out pub in the local community, it's famous varied range of fine cask ales, with two open coal fires provide a warm, cosy atmosphere in the winter while the beer garden and sun terrace provides a perfect sun trap in the summer. With its regular music nights and the regular events held here, there is never a dull moment and always a welcoming smile. Not just content on being a traditional English pub, The Elms shows all live sports with a great atmosphere guaranteed for every sporting occasion.

Are you dog friendly?

Dogs are welcome anytime of the day or night and our very own "Al La Bark" menu is something not to be missed by our four legged friend 's, offering tasty pigs ears, gravy bones, marrowbone's and even doggie ice pops for those warmer days to come. And all profits get split between The Dogs Trust and local Burton dog rescue centres.

What is unique about your pub?

Our vintage piano always draws in the crowds and you can often witness our regulars or just someone passing through, taking the opportunity to entertain the whole pub. Once you come in, you won't want to leave. The Elms wraps its arms around you and leaves you wanting more.
